FIFA's AI has been optimized to make decisions based on movement patterns and dynamic scenarios that players can control, and the most advanced tackling system in the history of the series is now fully integrated into the gameplay with automated edge of the box blocking. With the addition of improved ball flight and pass controls, the Career Mode in FIFA 22 also offers new challenges that are unparalleled in the franchise. FIFA 22 features new stadiums such as the Emirates Stadium in London, and the iconic Estadio Azteca in Mexico City. All 19 leagues are represented in full with their stadiums, atmosphere, and unique player atmospheres. Players will feel like they are controlling their own team, even when they are on the opposite side of the globe. Game Modes The "Story of Seasons" campaign will let players play as either a professional manager or an amateur farmer to care for the grass-roots, and will be continued when the game releases. The "World Leagues" Mode allows players to experience the professional game as an active player. Players can compete in famous teams such as Real Madrid, Barcelona, Manchester United, Bayern Munich, Juventus, and more, and play in their home stadium. The mode also allows players to create their own player from scratch. "Parklife" offers a completely new experience of park soccer, where players work to build a custom team and enjoy park life in 16 different real-world parks like Volkspark in Berlin and Tianqiao Park in Shanghai. Players can compete against each other or with their friends on the same team, and will have the chance to make their own stadium at the park, from its field to its stands. All this is accompanied by music from each of the parks. "World Cup" is a competitive mode where players take on a scenario-based story that's unique to each World Cup, and will be continued when the game releases. "Superstar Series" is a career mode where players can play in different leagues in Europe and Asia and compete against top players in authentic and physics-based gameplay environments. Players can compete in the UEFA Champions League or the UEFA Europa League, which includes all the big European clubs. "Pro Clubs" is a mode where players can compete in European and Asian leagues using their favorite real-life team. Players can develop their teams and management skills while they play for the teams of their

Get ready for a new generation of FIFA Ultimate Team. With new construction and set pieces, we've reinvented the way FIFA Ultimate Team works and added a host of new features to make for a more compelling, immersive experience in the game. Gameplay Improvements - New Tactical Defending system - Defending is back. With a focus on defending and the challenges associated with keeping an offense under control. There are challenges that can be tackled to improve your defending. These are divided into two categories: - Possession % - Manage the control of the ball, and make decisions on which direction to take the game. Should you be aggressive or play for a result? Do you want the ball to play through quickly, or do you want to pressure the opposition? - Teamwork - Do your team players communicate to create a solid defensive line? Can you press up the pitch and force the opposition to come under pressure? And if the opposition pushes up your defence will be forced to cover longer distances. - Team Awareness - Do your teammates cover their positions and pick up the right challenges? In Training - Create your own match - Pick a map and a style and create your own match with your favorite players and teams. You can use the touchscreen to set up your formation, and then use the four analog sticks to control each member of your team. Other Improvements - Better passing and shooting - Control your players with more accuracy using the revamped passing and shooting mechanics. Players now react appropriately as they touch the ball and make smarter decisions on where to take the game. ***Please note that all PlayStation®4 games support the PlayStation®Move motion controller. New features: Compete in a series of competitive matches to earn valuable coins and virtual currency, that you can use to enter to win amazing prizes such as coins, players and branded clothing from some of the world's most iconic brands. Discover the thrilling new Rivals Mode, where players play as their favourite FIFA teams to win their favourite Rivals Mode: FIFA Ultimate Team™. Choose your match mode: Attack, Defence or Creativity. Create a squad and use it in different way, be as tactical as you want. Play online or invite your Facebook friends to play with you. This time you'll be back on the pitch to see what happens during the most important moments of the match - the final whistle, corner kicks and finally, the winning goal. FIFA 22
